by Sunday, 14th June 2009

**9th International Symposium
on Processability Approaches to Language Acquisition
(PALA)**

15-17 July 2009

- straight after ISB7 at Utrecht, NL -

(www.let.uu.nl/isb7/)

**Ludwigsburg University of Education
Ludwigsburg, Germany**

VENUE

The PALA Symposium will be held at Ludwigsburg University of Education, Ludwigsburg/Germany. The venue is located just a mile off the baroc centre of Ludwigsburg in the south of Germany close to Stuttgart. It can be reached by train, S-Bahn (Metro), car or aeroplane.

By train, the easiest choice is via Stuttgart central station where all major train lines call. There is a direct connection from Amsterdam/NL which might be of interest for the participants of the 7th Symposium on

Bilingualism at the University of Utrecht just before the PALA Symposium. For information, see www.bahn.de.

By aeroplane, Ludwigsburg is close to Stuttgart Airport (40 minutes by S-Bahn; 30 minutes by taxi)

ACCOMODATION

Participants must arrange their own accommodation in Ludwigsburg. For details, please refer to the conference website: www.processability.net.

It is extremely important that you **book as soon as possible**, as Ludwigsburg is a very busy destination in the greater Stuttgart area. You might also want to check for accomadation in Stuttgart which is only 18 minutes by S-Bahn (Metro).

A list of recommended hotels will be published on the conference website soon.
